\* Losses at the time of repossession/write-off include costs that have not been paid in full and, as such, are estimates. In the event that the estimate fails short of the actual cost the

additional shortfall is also recorded here once it crystalises. \*\* In some cases an account will be redeemed at a loss where there are grounds to believe that this will give a better monetary outcome than pursuing the case through repossession and sale. Such accounts are included in this line. \*\*\*\* In some cases recoveries may be made on a case post repossession/writeoff.

\*\*\*\*\* This is the total of Losses on Sold Repossessions, Write-Offs on Loans Redeemed at a Loss, and Recoveries
